All reflected measure numbers, outlined in column "RE", are depending on usual furniture measures and are therefore correctly designed flat measures. Other items not reflected in this list need to be annotated to the free lines to the appropriate room. The measure numbers for those items must be agreed. 1 RE equals to 0,1 CBM, 10 RE = 1 Cubic Meter (CBM) = 35 CUFT. This list will be accepted by all departments of the German Government.

This document is an attachment to the removal contract and consists of _____ Sheets.

CUBE SHEET

Pieces	Item	RE	Total	Asmble	Pieces	Item	RE	Total	Asmble
